The services in the Baptist church were taken by Rev. A. McDonald. The subject of the evening's address was "A Father's Bitter Lament for His Wicked Son."

In the College avenue Methodist church the services were taken by Rev. C. H. Huestis. The Sacrament of the Lord's supper was observed in the morning. The subject of the morning service was "The Book of Job."

Rev. Jno. Tough conducted the morning services in the Methodist church on Kinistino avenue, and Rev. F. W. Cox, the evening service.

At St. Joachim's church, Rev. Father Girard, O.M.I., read the 8 o'clock mass. Rev. Father Hefu officiated at high mass, and Rev. Father Jan delivered the sermon. In the evening there was a procession of the Holy Rosary. Rev. Father Husson, O.M.I., presiding. The sermon was delivered by Rev. Father McQuaid, O.M.I., of St. Albert.

FIRE IN THE WEST END

At five o'clock this morning an alarm of fire was phoned in to the Fire Hall. The brigade quickly responded, the fire being located in a small stable of the old west end dairy, at the corner of Tenth street and Hardisty avenue. Arriving at the fire the brigade found that all the hose taken in the first hose wagon was not sufficient to reach from the nearest hydrant. The fire had spread to another small stable near the first and as these were isolated and of practically little value, and the time insufficient to procure more hose from the Fire Hall, no further attempt was made to save the buildings. Neither one was much over fourteen feet square and being frame buildings, the fire spread very rapidly, the buildings being enveloped in flames before the firemen could reach them. The fire was well advanced before it was noticed.

One of the buildings was used as a hen house, and it was in this one that the fire originated. In the adjoining stable was stored a cart and cutter. The cutter was saved.

The fire is supposed to have originated from hot ashes that had been thrown out near the stable. The loss from the fire is very small.

A TELEGRAM SENSATION

Under the heading "Frank Oliver may succeed Congdon," the Winnipeg Telegram publishes the following despatch:

Ottawa, November 30.—(Special)—With the exception of the Yukon elections for the House of Commons have been held in every constituency. The election in this case is under a special act and nominations were held on Nov. 18. The returning officer, Pierre Leduc, of Dawson has power to select the date for election, and has chosen December 16.

Fred T. Congdon, the Governor has resigned, to oppose Alfred Thompson, of Dawson, the Conservative candidate. It is said that Frank Oliver M. P., for Edmonton, N. W. T., may succeed to the Governorship of the Yukon."

As the publication of the above despatch has caused a good many enquiries, it may be as well to say that as far as the report that Mr. Oliver is to succeed Mr. Congdon is concerned, it has no foundation whatever.

JASPER AVENUE EXTENSION

The deflection and extension of Jasper avenue east has proceeded with considerable despatch during the past few weeks and now it has been straightened, and a clear right of way cut out with the exception of one building which is now being moved. Commencing at the line between lots 37 and 38, block 2, river lot 12, the new street runs in a north easterly direction, cutting through lots 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, and 11, 10, 9, and 5, 6, 7, 8, in block 2, river lot 12; lots 28 and 29, block 1, river lot 14; lots 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46 and 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, block 4, river lot 14. This takes the road to the east side of boundary street where it connects with the road allowance which runs in a north easterly direction across river lots 16 and 18.

In a number of instances practically the whole lot is taken up by the road allowance, but in many cases very little of the lots are thus taken up. In some cases the road allowance just touches the corners of the lots. This new part of Jasper avenue from its commencement to Boundary street is eighty feet wide, east of Boundary street, the road allowance is sixty-six feet wide and this may be widened to eighty feet.

The opening up of this street necessitated a great deal of work in the way of moving buildings, etc. This work has been pushed forward with all possible speed. All the buildings which were wholly or partially on this right of way, have been moved with the exception off the south half of the terrace on the corner of Kainistino avenue and First street, and which is now being moved, and the kitchen of the Immigration Hall, which projects a short distance on this new right of way. This will not be moved at present. Owing to delay in the commencement of this work frost set in before it was possible to get the new road graded, and it is not considered probable that the road will be used until spring when it can be properly graded.

THE WAR SITUATION

Tokio, December 5.—The diary of the fighting around 203 Metre Hill which is published in the Japanese papers describes the terrible losses involved in the storming of the Russian position from dawn of Nov. 28 till 11 o'clock in the forenoon of hot day. The Russian counter attack began at dawn on November 28 and was so furiously pushed that the Japs were compelled to retire from both sides of the hill in the valley.

The attack was renewed the next day but the resistance was stubborn and the Japanese suffered severely. Later furious charges were repeatedly made and the Russians were compelled to retire. The southwestern summit of the hill was not occupied until about 7 o'clock in the evening and the north western summit about 8 o'clock. During the night six Russian counter attacks were repulsed.

Harbin.—General Gripenburg who has arrived here to take charge of the second Manchurian army will remain at the place two days.

A large warehouse of the Red Cross society here has been burned entailing a great loss of supplies.

An entertainment given by the Patriotic League here realized a large sum for the soldiers at the front.

Chinese report that four divisions of Japanese reinforcements have arrived. The men it is said are mostly undersized.

Cardiff.—It is stated that the Captain of the German collier W. Menzell, has been forbidden by the Government to ship another cargo of coal from here. The foreign office took this action on proof that a former cargo taken by the Captain of the W. Menzell has been discharged to ships of the second Pacific squadron off Diako.

Chefoo, December 5.—There is no news from Port Arthur to-day.

DEER HUNTING

A number of parties of Edmonton citizens have been out hunting deer during the past two weeks. Messrs. Matz and Thomas shot and brought to town a couple of deer last week. They were secured on the Stony Plain.

Yesterday a splendid deer was brought to the city. It was shot by L. A. Goodridge a week ago Thursday on the Sturgeon river about twenty-three miles from Edmonton. It was a fine large buck, three years old, and weighed 200 pounds. Other deer were noticed by Mr. Goodridge and Fred Brandt who was with him, but owing to the great amount of brush in the vicinity they escaped.

TREATY ARRIVED AT

PANAMA AND UNITED STATES

Agree as to Arrangements Respecting
The New Panama Canal

Panama, December 5.—The difference between the United States and Panama, which made necessary the visit of United States Secretary of War Taft to the Isthmus was settled to-day by the issuance of an executive note signed by Secretary Taft for President Roosevelt, and assented to in a letter by President Amador, of Panama. The order provides that no trade for the canal zone of the republic of Panama can enter the ports established by the United States, supplies for the construction of the canal and articles in transit being excepted. This turns the customs receipts of these ports over to the government of Panama. Panama agrees to reduce her tariff from 15 per cent ad valorem to 10 per cent. This reduction applies to all goods, except wines, liquors, alcohol, and opium. Panama also agrees to reduce her consular fees and port charges to sixty per cent of the rates at present charged. Absolute free trade is to apply between the canal zone and the republic of Panama. Vessels entering the canal ports are granted free entry to the ports of Colon and Panama, and vessels from the latter port extend the same privileges. Complete jurisdiction is granted the United States in the harbors of Colon and Panama as to sanitation and quarantine regulations. Panama reduces her rate of postage to two cents, and is to furnish all stamps in the republic and in the canal zone.

Plea To The B.C. Lumbermen

Vancouver, B. C., December 5.—An important conference took place here this morning between the British Columbia lumbermen and Hon. Senator Templeman, and Messrs. Ralph Smith, W. Sloan and Duncan Ross, M. L.'s elect, regarding the question of a duty of \$2.00 per thousand on rough lumber, thereby shutting out American lumber from Manitoba and the North-west market. It was pointed out that while in 1903 imports of American lumber were 60,000,000 feet; in 1904 they reached 140,000,000 as the result of unfair competition. Many British Columbia mills are closing down and the industry would be ruined. The imposition of a duty would not cause an advance of the price of lumber in the North-west. The farmers there enjoyed protection on their products and it was only fair that British Columbia lumbermen should be accorded protection. Several of the lumbermen expressed themselves as agreeable to respiration in lumber with the United States, which would increase their market.

D. Ross, Member elect for Yale-Cariboo announced himself as in favor of the millmen's petition. Senator Templeman, in reply promised to lay the matter before the Dominion Cabinet and advised that a deputation be sent to Ottawa by the millmen in support of the petition.

To Discuss Immigration

Winnipeg, Man., December 6.—Theodore M. Knappen announces the annual meeting of the Western Canada Immigration Association for January fifth.

Tribute to Western Canada's Climate

London, December 5.—Lord Strathcona, who is in his eighty-fifth year has not taken lunch for sixty years or so. "For sixty years it has been my custom to go without lunch," remarked Lord Strathcona to an interviewer this week. "That does not mean I have not taken a midday meal but as a rule I only take two meals a day, breakfast and dinner. Of course if there is anyone whom I particularly wish to meet I am prepared to take lunch with him. I should not like to recommend every man to dispense with lunch. Everything depends on the individual. If I am so, it may be due to the invigorating climate of North western Canada. I see no harm in smoking a little but I use temperance in all things whether food, drink, or tobacco. At the same time, in my opinion, there are none more intemperate than those who insist upon total abstinence. In concentration lies the secret of success."

Favor Municipal Ownership

Montreal, December 5.—Westmount decided Saturday for municipal ownership by a vote of four to one in favor of owning their own light plant.

Winnipeg, Man., December 5.—A session was created here to-night on the arrival of five representatives from New York of Pierpont Morgan. The rumor is current that Morgan will buy the Canadian Northern railway, if these men report favorably.

McKenzie & Mann are to receive the contract to build the Grand Trunk Pacific from this city to the Pacific coast which will keep them busy.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantially.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homestead to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,
Deputy Minister of the Interior.
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

RUSSIAN REVERSES

IN MUKDEN DISTRICT

The Japanese Repulse Russian Attacks. Jap Fleet Preparing to Meet the Russian Second Pacific Squadron

Tokio, December 5.—The following announcement was made at the imperial headquarters this evening:

The situation at the front with the Manchurian army is as follows: About two o'clock in the morning of Saturday, infantry occupied Kurchatza, driving the enemy northward. The village had been firmly held by the enemy's infantry, with machine guns. Our casualties were twelve men wounded, and not one killed. The enemy lost over thirty men.

During the evening of December 4 the enemy's artillery shelled Waiyao mountain. Two or three companies of their infantry advanced towards the mountain, but were repulsed.

Mukden, via Pekin, December 5.—The Japanese did not reply to the heavy cannonade of their works by the Russian siege-guns south of Sichiamtum. Last night the Japanese placed mines under the Shakke railroad bridge, for use in case of a Russian advance. It was resisted by sharp rifle fire following. Simultaneously the Japanese who were shelling Poutiloff and Lone Tree Hill were pursued by Cossacks who, after an unsuccessful attempt to capture the battery, retired. General Rennenkampff has suspended his offensive movements east. Although the weather is very cold the earth works are still being raised by the opposing forces.

Tokio, December 6.—The popular sentiment regarding the question of the assistance which neutral powers are giving to the vessels of the Russian second Pacific squadron, which heretofore has been repressed, is growing more acute, and prominent newspapers are voicing demands for determined action by the Japanese government. Apparently it will depend on the course of events when the Russian warships arrive in Japanese waters. If the squadron have been permitted to exceed a fair construction of neutrality, it is probable than Japan will consider herself under no obligation to observe neutrality, and may send her fleet after the Russians into ports, the neutrality of which she believes the Russians are violating. If the Russians seized a base in neutral territory Japan will probably do likewise, should urgency demand such action. Japan is keenly anxious to avoid complications, but she will fully insist upon what she considers her rights. Preparations for meeting the Russian warships are progressing on a most extensive scale, particularly in the case of the navy, which is confident of solving the problem under fair conditions. The preparations of the army include the calculations that the Russians may attempt to cut the Japanese communications to the Liao Yang peninsula, but when the Russian vessels arrive, the Japanese armies in Manchuria expect to be in a position to carry the campaign for many months without out necessity of communication with the Japanese. Commercial concerns anticipate a temporary disappointment in the matter of mail and maritime service when the Russian squadron arrives.

Alberta Oil Fields

Winnipeg Tribune:

John Linchard, president of the Rocky Mountain Development company, "Alberta Oil Fields," spent yesterday in the city. Mr. Linchard is just returning from an extended trip through the eastern oil district. He took samples of the crude oil cast with him to have tested, and says that the Ohio oil men and others were surprised at the quality and say they have nothing like it. It is the best oil they ever saw. He is taking a carload of tools and ma-

chinery to the fields, and will push the work day and night on more wells. The machinery is the latest improved and up-to-date. He is very enthusiastic, and says Alberta will have an industry to be proud of in the new oil fields.

While here he made arrangements for permanent offices in the new Union Bank building for their agent, Mr. L. D. Keen.

Y. M. C. A. MEETING

A meeting of the young men of the city interested in Y. M. C. A. work was held in Robertson Hall on Sunday afternoon. There was a large attendance, and the gathering was enthusiastically in favor of proceeding with the erection of a Y. M. C. A. building in Edmonton. Dr. Smith occupied the chair, and Geo. Irving, the Western Canada Field Secretary of the Y. M. C. A., was the principal speaker.

Mr. Irving referred briefly to the origin and growth of the organization. The association was first formed for the religious side only. Later the social features were added, then came the educational features, and later the gymnasium was added the aim of the association being to improve the young men physically, mentally and morally. Associations were being established all over the country, and the movement was popular, besides being wide spread, largely on account of its non-sectarian nature. The question was asked, is there need of such a building in Edmonton. There is a great need. Dozens of young men were in the city and away from their homes, and to these especially such a building would appeal. It would be useless to engage rented quarters. The young man should pay their share of the building, and the sense of partial ownership of it would make them enthusiastic regarding its operation and complete success. Mr. Irving called for united action, and asked for an expression of opinion as to what the young men of Edmonton would give to this institution. Eight or ten of the young men present stated their willingness to donate \$100, to be given, as Mr. Irving requested, in monthly payments for twelve or fifteen months. Short speeches were delivered by J. R. Brenton, A. T. Cushing, J. M. Thom, W. A. Griesbach, Dr. Jamieson, C. M. Tait, Mr. West, C. E. Race, E. J. Casley, Mr. Hallier, Rev. H. A. Gray, Rev. C. H. Huestis and a number of others.

Those present agreed to raise \$5,000 from the young men of the city, to show the business men who are being canvassed for subscriptions that the young men want such an institution and are willing to help pay for it. The young men present subscribed \$1300 and all appeared satisfied that the amount that will be raised by the young men of the city will largely exceed \$5000. A committee consisting of Messrs. C. M. Tait, Mr. West, C. E. Race, E. J. Casley, J. M. Thom, Dr. Jamieson, Hallier and Folk, was appointed to canvass the young men for subscriptions. The meeting was then brought to a close. Another meeting will be held towards the end of the week.

STURGEONVILLE

A meeting was held on Saturday, November 26, at the house of H. Rudd for the purpose of appointing a delegate to the Liberal convention to be held in Edmonton. Mr. Rudd acted as chairman, and Mr. H. Fearnley as secretary. After considerable discussion a motion was passed appointing Mr. T. J. Dwyer to act as delegate for the polling sub-division of St. Eugene.

A gang of men, under the direction of Mr. Gillis, has been at work for the last three weeks repairing the bridge across the Sturgeon and grading the hill on the south side. New piers and ice guards were built, and the approaches raised and otherwise improved. The grading on the hill, while it certainly makes a great improvement, was really only well begun, and it is reported that it will be completed in the spring.

In connection with this work, much unfavorable criticism has been made regarding the neglect of our late M. L. A. to improve this road, and also of the North-West Government for their mismanagement of public works in general. There is little doubt that when Mr. Haultain takes office he will do more for this road than when Mr. Haultain

and his supporters come to be weighed in the balances, the electors of this district will be found in the other, and heavier, pan of the scale.

Many of the farmers of Sturgeonville are butchering fat cattle and selling them at the Fort or at Edmonton. A couple of expert butchers are making the round of the settlement, working for those who have cattle to kill, and good prices are being realized.

During the past summer and fall Revs Aldridge and Magwood have been holding Methodist services here in the school house every second Sunday. Last Sunday, however, there was none, as the river could not be crossed at the Fort.

There was quite a storm of snow here on the evening and night of November 30, and those who have hauling to do are highly pleased. However, the weather is clear and bright again, and we may have no more snow now till Christmas.

EDISON

We regret to have to record the death of our esteemed friend and neighbor, Mr. John Beeton. Mr. Beeton came here from Park Rapids, Minn., in April, 1903, and was one of the pioneers of this settlement. He took a great interest in his neighbors, and was ever ready to help and assist them in any way that he could, and a more kind-hearted and hospitable man could not possibly be found. It was about the beginning of May in this year that Mr. Beeton took sick, and he gradually became worse, until, during the last two weeks all hope for his recovery was practically given up. His death, which occurred on November 29, his 51st birthday, was a blow to the whole settlement. Mrs. Beeton and family, for whom we all feel the deepest sympathy, take this opportunity of thanking all their friends for the kind feeling that they have shown. The funeral, which took place on Wednesday the 23rd inst., was largely attended. There was a short service at the house, after which the family and friends proceeded to the graveside, where the burial service was read.

Mr. Tracy of the Edison Presbyterian church, conducted the services.

Miss Parton has left here for Chicago and England.

A petition to the local government at Regina for a new road through the bush has been circulated, and a goodly number of names are being added thereto.

Quite a number of new settlers have come in lately, and new houses seem to be springing up everywhere.

November 27, 1904.

LAC ST. ANNE

The continued mild weather of this season has not been an unmixed blessing to the natives of this place, many of whom fish quite extensively in White Whale Lake. As a rule the lake is well frozen over before the fishing season opens, but this year it is still open, rendering fishing to any extent very risky, the fishermen being afraid to put in many nets for fear they might be frozen over by a sudden cold snap.

Mr. Roy, D. L. S., and party left here last week, having finished his contract in the White Whale Lake and Island Lake Districts.

Mr. L. E. Fontaine, D. L. S., having surveyed the 14th base line as far east as range 13, has laid off for the winter. His party left here for Edmonton last Thursday.

Dr. Seale who was here for a few days on business has returned to town. The Doctor contemplates opening some kind of business here.

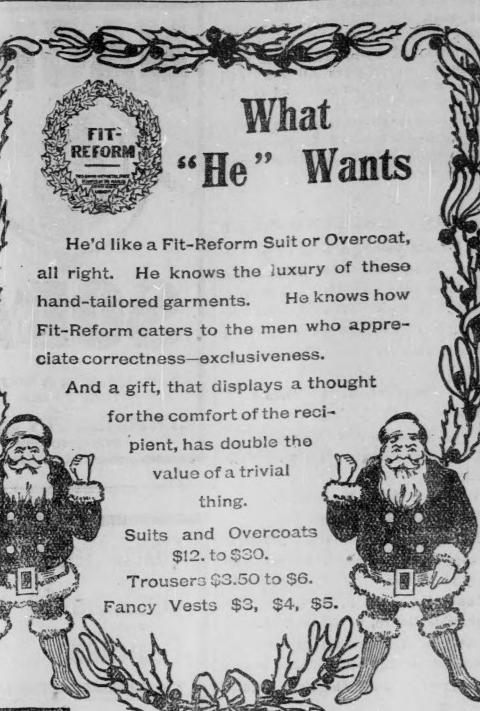

Mr. N. H. Jock starts to-morrow for Prairie Creek with his pack outfit of supplies.

HOCKEY NOTES

The Edmonton senior hockey team held a good practice on the Thistle Rink ice last night. There was a very large attendance of spectators to see the available material for the ensuing year. Teams were chosen, and a first class practice match was played. The old players showed up to good advantage, and with the new material, should put a splendid team on the ice this winter to defend the trophies which Edmonton won last year.

The practice last night was a vigorous one, and was conducted under the direction of Dr. Strong, team and J. C. Griffith, manager.

A short meeting of the executive committee was held at the close of the practice, when a permanent chairman of committee, J. A. McKinnon, was appointed. It was decided to appoint a secretary of the hockey club, thus separating the offices of the secretary of the hockey club and secretary of the rink committee. J. R. Gunn was unanimously elected secretary of the club. P. C. Old is secretary of the rink committee.

It was decided to change the band nights at the rink from Friday evening to Tuesday evening. This was done owing to a large number of requests from skaters, who claimed that there was always something by way of entertainments being held on Friday evenings, which conflicted with their attendance at the rink when the band was present. Starting a week from to-night the band will be present each Tuesday evening. An effort is being made to have the band at the rink earlier than usual henceforth.

One item of business discussed at the meeting will be hailed with pleasure by all enthusiastic hockeyists is the approaching visit of the Winnipeg junior intermediates. This team expects to be in Edmonton to play the local team between the 19th and the 22nd of this month. In view of this early game the hockey team is getting down to work in earnest, to be in shape to meet the Winnipeg laurel hunters.

Hockey practices will be held Tuesday and Thursday evenings, and from 7 to 8 o'clock Saturday evenings. Skating nights are Tuesday, Wednesday, Friday and Saturday evenings, and the afternoons of the same days from 2:30 to 5:30 o'clock if possible. If the frost is keen the afternoon skating will last till 5:30 o'clock. Now, if the weather is mild, the ice will be cleared at five o'clock to permit of skating the ice for the evening skating.

The junior club held a good practice last evening after the senior practice. Some of the juniors played with the seniors in their practice and showed up to good advantage.

OKANAGON—OKANAGON.
The now famous Okanagan Valley, B.C., for fruit farming is an established fact, and that fruit of a very superior quality can be grown very successfully. Mr. Giles has secured a two-thirds' interest in a tract of land in the valley, and is now offering lots in ten acre lots at \$1.00 per acre down, balance in four annual instalments, with 6 per cent. interest. Better is this an A 1 investment. Better have a talk with me, and me, Wetaskiwin or Edmonton.
